

# Cluster Funk

## Vendor Information

Welcome to the 2nd year of Cluster Funk! We are Guerrilla Graphics Design Agency and we are showing off this community festival to celebrate local music and artistic talent. Our purpose is to promote smaller regional bands, performances, artists, and vendors for other events, such as 515 Alive, 80/35, and Hinterland. Below is the information all Cluster Funk vendors will need:

- The event will be taking place in Jester Park Amphitheater near the Granger/Grimes area on June 20, 2020. It opens at 11:00 AM and ends at 7:00 PM for the public.
  - The address for Jester Park is 12130 NW 128th St., Granger, IA 50109
- Vendors will need to load-in at 10 AM to ensure enough time to set up all your vendor equipment. Load-out is *planned* for 9 PM.
- We are expecting 200-300 people for Cluster Funk.
- All Cluster Funk vendors will need to have a sales permit as well as a Cluster Funk 2020 vendor permit to be able to sell goods and/or services.
- All vendors will need to complete the Cluster Funk vendor application form, with a **\$75 application fee** prior to the festival date.
  - Please enclose your \$75 application fee with your vendor application to your Cluster Funk Coordinator. **Please make checks payable to Guerrilla Graphics, LLC**
  - The vendor application form will provide us with your information, equipment, and electrical needs. We will then use this information to fill out your vendor permit form.
- Each vendor will be provided a 10'x10' plot for the duration of the day festival. Each additional 10'x10' plot will be an additional \$75.
- Vendors will need to provide their own canopies and display racks.
- Vendor plots will be given by number. On the day of the event, your plot will be marked with a flag. Find your plot number and begin setup upon arrival.
- There will be reasonable room for display racks around your 10x10 plot.
- The parking lot directly behind the entrance is available for up to one spot for each vendor.
  - There will be space allocated in the main parking lot for vendors who cannot park in the vendor/artist lot.
- Our Cluster Funk volunteers will be able to assist you with setup and teardown.
- We will have until 10:30 PM to clear the park of all equipment and people.
